Price Increase: Residential Roofing Products

To All Mid-Atlantic Roofing Supply Customers,

In the past two weeks, most steep slope manufacturers have announced price increases ranging from 4-8%, with effective dates as early as March 23<sup>rd</sup>. Prior to this, there have been many residential accessory manufacturers announcing increases that range even higher. As a result, Mid-Atlantic Roofing Supply will raise all steep slope shingles up to 8%, and residential accessories inline with published increases. This increase will be effective with shipments on April 6<sup>th</sup>, regardless of order entry date. Any residential accessory that is subject to market volatility will continue to be priced at time of shipment.

Please plan for your business by ensuring that you have escalation clauses established in your quotes or begin quoting with this increase estimate in mind.

For more specifics on this increase please reach out to your account representative or Mid-Atlantic Roofing Supply Branch Manager and reference this [link](#) for consolidated announcement details.

Thank you for your continued support.

Sincerely,
